## **Program C: Bridge Trust**

Program Authorization: R.S. 36:504, 509; 48:1161-1167

#### PROGRAM DESCRIPTION

The mission of this program is to plan, construct, operate, maintain and police certain bridges and ferries. This program's goal is to provide safe and reliable transportation over the Mississippi River as efficiently as possible, and in as pleasant an environment as possible. The three activities in this program are: Crescent City Connection Division, and Sunshine Bridge, and Ferry Operations.

#### **OBJECTIVES AND PERFORMANCE INDICATORS**

Unless otherwise indicated, all objectives are to be accomplished during or by the end of FY 2000-2001. Performance indicators are made up of two parts: name and value. The indicator name describes what is being measured. The indicator value is the numeric value or level achieved within a given measurement period. For budgeting purposes, performance indicator values are shown for the prior fiscal year, the current fiscal year, and alternative funding scenarios (continuation budget level and Executive Budget recommendation level) for the ensuing fiscal year (the fiscal year of the budget document).

The objectives and performance indicators that appear below are associated with program funding in the Base Executive Budget for FY 2000-01. Specific information on program funding is presented in the financial sections that follow performance tables.

1. (KEY) Maintain the rate of traffic accidents on the Crescent City Connection Bridge at no more than 4.13 accidents per million vehicle miles.
